

Accounting Manager

ecolor+

If you already have Accounting Manager set up and you would only like to make edits, skip to slide 8.

Download Accounting Manager at the link that ends with your printer model:

https://www.usa.canon.com/support/p/imageprograf-tm-200 (Use for TM205 also) https://www.usa.canon.com/support/p/imageprograf-tm-300 https://www.usa.canon.com/support/p/imageprograf-gp-200 https://www.usa.canon.com/support/p/imageprograf-gp-300 https://www.usa.canon.com/support/p/imageprograf-tm-250 (Use for 255) https://www.usa.canon.com/support/p/imageprograf-tm-355 When you open the link, scroll to where is says <u>Downloads</u>. Under that, click the down arrow to expand the Software & Drivers list. Scroll down and click <u>Load More</u>, then again. <u>Accounting Manager</u> will be the last option on the list. Click the <u>Download</u> button.

DOWNLOADS SETUP & TROUBLESHO	OTING PRODUCT INFO	ImagePROGRAF TM 200		
Printer Driver Optimization Module for AutoCAD Version 1 Windows x64 Details 🗸	.17 for Drivers	10.04.21	171 MB	DOWNLOAD
File Name ImagePROGRAF Direct Print & Share Ver.2.7.0a (Windows) Dotails: V	Type Software	Date 10.04.21	File Size 45.41MB	DOWNLOAD
File Name Accounting Manager Vec1.6.0 (Windows) Details 🗸	Type Software	Date 10.04.21	File Size 10.42 MB	DOWNLOAD

Go to the Downloads folder on your computer to make sure the file downloaded. Double click the file, allow it to make changes to your computer, and follow the steps to complete the installation process. Restart the computer after the last step.

After completing the download prompt, go to **Start** (Windows Icon) and click the icon on the top left of the start menu that says **view all apps** and Select **Canon Utilities** > **Acct. Manager - or, even if there is no search bar, start typing Account Manager and it will come up, click Open**

Once it opens, you will need to add your printer:

File > Printer > Manage Printer > Add Printer > Select USB in the Search Method Drop Down Menu > Click Search, the name of your printer will show up, Click on it and then click Add

It may say acquiring info, just wait until that is complete A message will pop upA printer without an authentication password... Click Yes

It may say acquiring info again just wait...until all the jobs are listed.

When you are back on the main screen go to File > Job Cost > Unit Costs

(You will need to click each # individually the circled # is just an example.)

Double click each number to change the amt. of ml. and unit prices. You will either have 130ml or 300ml ink tanks.

*We will email you the current price list. If you have not received it yet, please email dana@presentationsys.com to request it.

Once you have completed filling out the Ink Costs, Switch over to the Paper tab.

To Start in the Paper Tab, Click Add.

For Charlie Paper choose: Canon WaterResistant Adh Matte PP For Matte Paper choose: Canon Matte Coated Paper 170gsm For Glossy Paper choose: Canon Glossy Photo Paper 200 gsm For Economy Paper choose: Canon Matte Coated Paper 90gsm For Banner Vinyl choose: WatRes Mat Ban V

After you select your paper type, from the Media Type dropdown, fill out the rest of the sections.

- Check off Roll Paper
- Select 24in or 36 in depending on which paper you have in your printer.
- Add the height according to the paper type:
 - Canon WaterResistantMattePP 115g (Tyvek) 60ft
 - Canon Matte Coated Paper 170gsm (Matte) 100ft
 - Canon Glossy Photo Paper 170 gsm (Glossy) 100ft
 - WatRes Mat Ban V (Banner Vinyl) 40ft
 - Canon Matte Coated Paper 90gsm (Economy) 150ft
- Type in 1 for # of Rolls
- Fill in the Cost of the Roll (*Refer to the supply pricing sheet again for this section.)

When you have completed that Paper Type, Click Start.

Repeat this process until all of the papers that you use are added to the list. When you have completed these steps, click OK.
